

 **MatiGard™**  
Smart Alarm System

Introducing the **New** great smart alarm system.

We make things different.

ALL FOR ONE  
Design all for one purpose security

---

ONE FOR ALL  
Control everything by one app

# MatiGard™ + Magictrl™ + MatiSight™ + Dinsafe™ Accessories

Protect your home by phone with fingers and eyes.

Nice to See you  
Like an art, you can put it anywhere.

# Excellent Craft

Developed and designed by the best team in China.

## More Features

### Child Lock

So you don't have to worry about miss-settings.

### Scan to pairing

no complex code, easy setup.

### SMS Forward

receive phone bill or other important messages.

Single Battery

LPB Driven

### 24 Hours Battery Life

Powerful with the amazing energy-saving tech.

### Temperature SOS

trigger alarm when surrounding temperature rapidly changed.

### Check Before ARM

trigger warning when setting ARM & HOME ARM while doors or windows are still open.

# Dinsafe Accessories

Great design, amazing features

Developed and designed by the best team in China. We designed them by your side. The outlook and texture catch your eyes and fingers. Other features bring you convenience, like using low-voltage detection to remind you to replace battery in time, etc.

## PIR Sensor

With magnet bearing

Easily rolling, never get stuck. Gently turning for any angles.

## Door/ Windows Sensor

Sensitive, like a dog tied to the knob.

64mm\*34mm\*12mm  
64mm\*10mm\*12mm

## Panic Button

Long battery life, up to 24 months.  
Big button with pressure-free design.  
Simple outlook, sensitive inside.

## Remote Controller

N in one. Like embossed SOS button, quick-open battery slot, key snap ring, etc. For your everyday use, we attentively design it.

## Low-battery Warning

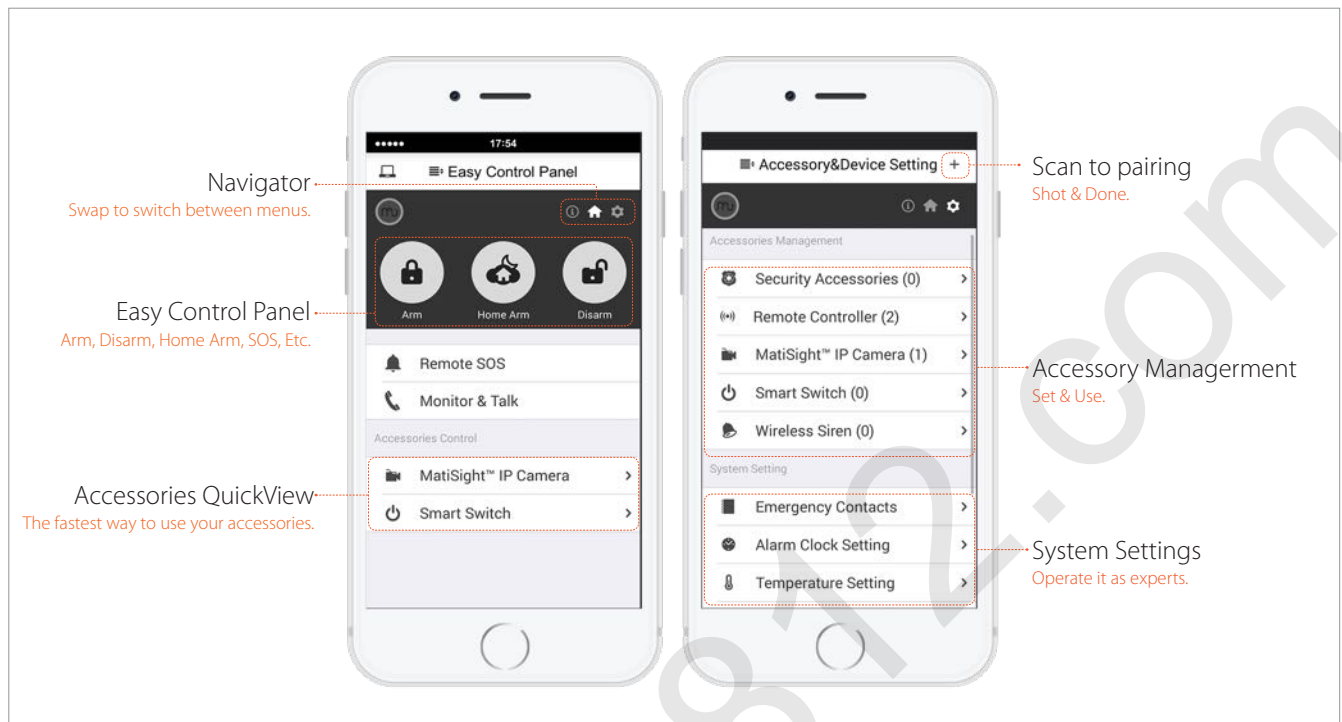

Now, you will receive warning a few days before the batteries run out, so you can make sure every accessory working normally. So, all batteries can work till drained now, greener and better.

All accessories work on 868/433Mhz, with FSK /ASK modulation. Our products are anti-interference compatible. More stable signals are guaranteed.

# Simple is Powerful

Easy using, professional setting.

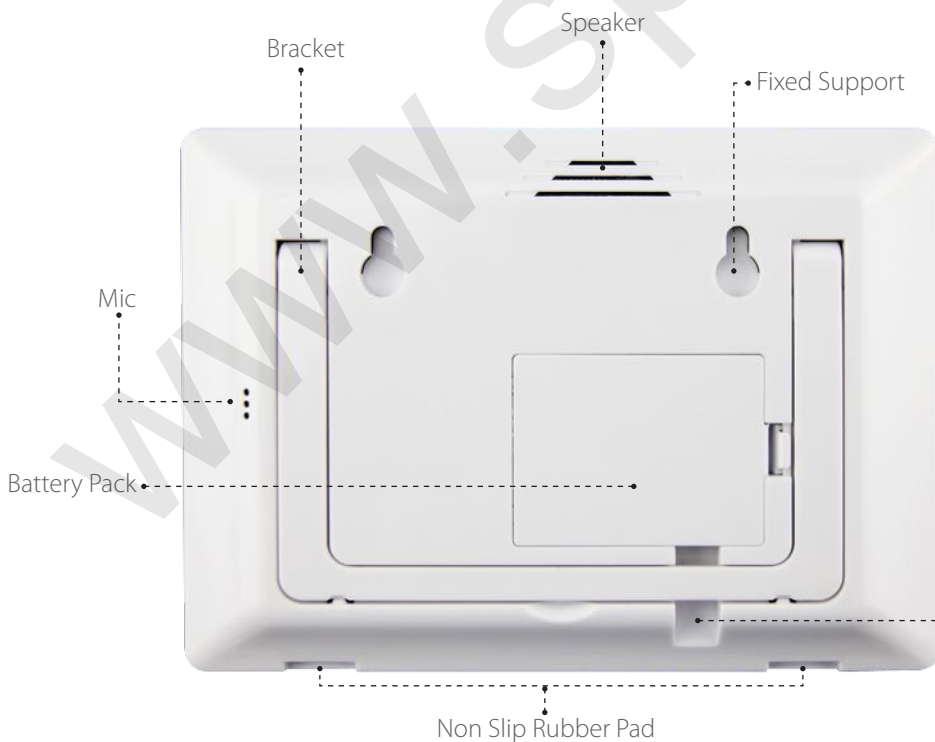

# Home in Phone

What you really care about is right in your pocket. Don't have to learn, just use it.

# Touching Beauty

Simple, Elegant, Humanity
